Subject: Do NOT permit the Atlantic Coast Pipeline

To Gov. Cooper and Michael Regan,

The economic, environmental and social justice costs of this pipeline are beyond reason, which makes permitting it completely unjustified. The pipeline will be dangerous, damaging and costly for North Carolina. Please, please deny the 401 water certification permit, the permit that Duke and Dominion must have in order to begin construction.

Thank you for considering my comments and please do what is right for the environment and for the people of North Carolina.

Most sincerely,

Dr. Rachael Wooten
